

# Art Class WITH MEREDITH BOURNE!

On Friday, September 15th, 2023, community resident and art enthusiast, Meredith Bourne taught our little Acorns how to tap into their inner van Goghs. She used age-appropriate teaching techniques for all grade levels to share the joy of painting. The scholars loved this experience, as evidenced by these end results.

BHI Academy younger students learned the art of blending, proportion, and symmetry in their paintings of frogs, which are all so unique and beautifully done. The upper class created their versions of the famous painting, The Starry Night. Just see how they capture the vibrant and brilliant colors so passionately ... it's amazing work. It takes this village! Thank you, Meredith, for your continued support and knowledge transfer into the next generation of art enthusiasts.
